

# Recognize, Respond, Connect: Supporting the Behavioral Health of Our Students

*This training aligns with the requirements under California Education Code Section 49428.2(c).*

This training helps school staff working with students in grades 7-12 to:

- Identify warning signs of mental, emotional, and behavioral health challenges.
- Apply trauma-informed approaches to support students.
- Recognize when and how to connect students to additional help and resources

## Professional Learning Format:

- 50 minutes, self-paced
- Online
- Free CE/CME provided for physicians, psychologists, social workers, nurses, and physician assistants
